## Assembly Instructions

The package contains 4 sheets, two of them are identical to the other two.

The part marked in sheet A2 is to be discarded.

After assembly the trays are put in two layers in the original game box.

Ordinary PVA glue is required when assembling each tray.

Please make sure you dry-assemble each tray correctly before gluing it together.

Please check [www.foldedspace.net](http://www.foldedspace.net) for general assembly tips.

Jagged Earth has less boards, so some trays' height is raised as shown in the v2 tray versions.
