Note: this insert compliments our FS-TRM insert, and some components from the expansion should go there. These are the merchant power action board, shipping overview tiles, bonus cards, town tiles, favour tiles and final scoring tile. The new board from the expansion should be placed in the expansion box along with the other boards and rule books not added to the main game box. Together with the FS-TRM+ trays, this will fill the expansion box to the top allowing for vertical storage. Check our website for photos showing this in action.

Please check [www.foldedspace.net](http://www.foldedspace.net) for photos of this insert in use.

**Tip:** Keep the instructions in the bottom of your board game box as a reminder of how the insert fits together.
