

FS-LACRI Insert compatible with Lacrimosa® Assembly Instructions

FS-LACRI

The package contains 4 sheets: one double and two single sheets.

After assembly the trays are put in up to two layers in the original game box.

Ordinary PVA glue is required when assembling each tray.

Please make sure you dry-assemble each tray correctly before gluing it together.

Please check www.foldedspace.com for general assembly tips.

Important: as this is a full colour insert it is particularly needed to both dry assemble and check the trays against the images shown on our website. Many of the trays have colour floral stripes around the outside of the tray and it is important to get these right on each tray before applying glue!
